Pick-up days:
 Friday, August 10 Monday, August 13
 Saturday, August 11 Tuesday, August 14

Tell us what you have.

Check out what we can and cannot take. Drivers can decide what they can and cannot take if there's a question.

Get your stuff ready

Put small stuff in bags tied shut or boxes with the flaps closed.

We can't take some things because of condition, age, health or safety. Dispose of or recycle them properly to save the planet.

On pick-up day, pick up the phone!

We'll call you early with your pick-up time. Drivers can decide if there are things we can't take because of condition, age, size, or anything that makes them unsellable or unsafe.

Help our trucks get to you.

Downtown's gonna be crazy. Help keep the driveway, parking lot or street in front of your place clear when it's your turn.

If we can't get our truck to your place because of traffic, blocked parking lots and driveways, we'll call you to reschedule.
